|-------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|--|--|
| TABLE<br>SURFACE  | Keep your table covered. If there is dust on the playfield or the aprons, use a vacuum or wipe with a clean, soft cloth to remove. Do not sit on the table and do not use the table outside.                                                                                                               |  |  |  |
| RODS              | Occasionally wipe the rods with a clean, soft cloth. Never lift the table by the rods. Do not spin or press the rods too aggressively, as this may cause damage. We recommend the use of lubricant to wipe the Player Rods and Bearings from the outside of the game so as not to drip onto the playfield. |  |  |  |
| LEGS              | Check that the leg bolts are tight. When moving the table, lift table off of its legs and place it down squarely on the legs, do not drag the table.                                                                                                                                                       |  |  |  |
| BOLTS             | Please make sure that all the bolts are tightened before using.                                                                                                                                                                                                                                            |  |  |  |
| METHOD            | The table can't be hit by external force or used rough.                                                                                                                                                                                                                                                    |  |  |  |

#### **GAME RULES:**

- 1) To start play, flip a coin to see which team or player will serve first. To begin, serve the ball through the side entry cup.
- 2) Pass and score by pushing and pulling rods and twisting grips. Spinning the rods is considered illegal intournament play. If playing as teams (more than two players total ), once the ball is served, players may not change position on the rods until:one team scores;a team requests a timeout (maximum 2 per game );the ball must be served again; or between games.
- 3) A point is scored when the ball enters the goal. A serve, by the team last scored upon, follows each goal. Teams change table sides after each game.
- 4) Intentional jarring or tipping of table during play is illegal, and reaching into the playing area during play is illegal(except for a dead ball).
- 5) A ball is conisdered a DEAD BALL when it has completely stopped its motion or is unreacheable by any player. If a ball stops between the goal and the two-man rod, then it is put back into play by placing it in the corner that is nearest the dead ball spot. If the ball completely stops anywhereelse on the playfield between both two-man rods, it is put back into play with a serve by the team that originally served the ball.
- 6) If a ball leaves the playing area during play (other than through the goals ), the ball is considered OUT OF PLAY. The ball is returned to play with a serve by the team which originally served the ball.
- 7) This game is meant to be played with either two of four players. We recommend that all others should stand clear of the Table Playing Area if they are not playing.

NOTE: The Game Rules have a little difference according to different Tournaments.
